Financial Accounting Case Competition

We are bringing our annual financial case competition virtual this year! This event is a great opportunity to apply the technical accounting skills you have learned in the classroom and apply them to real-life business scenarios. Develop your skills, think strategically and have some fun! Students will compete in teams of two (you can choose your partner) for this internal case competition. There will be four judges who are representatives from each of the following organizations: Suncor, KPMG, EY, and PwC. Each team will be judged and ranked based on the team's case presentation.
